Dear Sir,

I am researching the name of FROWDE (my maiden name) & have traced back to 1796 & a Benjamin FROWDE. However, although he was living & working in London I am unable to trace his birthplace.

2

I am aware that there was quite a colony of (FROWDE'S) in the South Ham a long time ago, & have visited Ringmore Church, where many are buried

I was wondering therefore, if in your records, you have any mention of a Birth round about 1796 of the aforesaid, or indeed of

his 1st marriage to
Elizabeth Susannah.

In fact if you have
any information at all
about FROWDE's I would
be very pleased to hear
the same, as it is a
very unusual name.

I enclose a copy of
some of my family tree.

Yours sincerely
Pamela Magill

Dear Mrs Cutler,

Thank you for your letter and brief family tree which is very interesting. The Frowdes ~~is~~ ^{were} a very ancient family in the Parish of Ringmore. In the Mills enquiry of 1750 under "Langston Farm" it is recorded that "This farm belongs to an ancient family of the Frowdes who had it for many ~~generations~~ ^{centuries} without enlarging (?) or diminishing it. Now (1750) lately sold."

The marriage of James Frowde and Agnes Sullocke brought together two of the very early names which we have so far recorded. Two Robert Frowdes appear on the 1569 Muster Roll. The one a richer man who had to provide "1 pi splints. 1 scap. 1 bill to the Ringmore company. The other was a Pikeman so he must have been tall. On the same muster roll appears John Sullocke a Billman so somewhat shorter!

Robertus Frowde and John Sullocke appear on the Lay Subsidy Rolls of 1576 and 1581.

There are no less than 47 names of Frowdes in our burial registers. Our Baptism and Marriage registers have not yet been completely recorded so I can give numbers in them.

Your Thomas Frowde was (I think - because there are more than one Thomas Frowde) born 23 Apr 1741 and baptised on May 17 of that year. If I have the right Thomas his father was Robert Frowde whose wife was Mary. He must have been ~~born~~ ^{married} before 1735 as a child was born to them that year.

Our entry in the D.F.H.S. member interest under "FROUDE"
was made hoping that someone like yourself might come forward
to piece together and search more deeply into the Froude
family past and present, because there have been
famous Froudes about the country. It would be interesting
to know if any of them were or are connected directly
with the Ringmore Froudes. Our Society in Ringmore
tries to collect information which would make a good
History of the Parish, but cannot follow up detailed
family trees. We rely on some members of the family to
do this.

We have produced a small booklet with artists
impressions of the Village of Ringmore - I am short of
copies at the moment, but if you would like one and
send £1 + 5p for p.p. I will get one to you as
soon as possible.

I hope these jottings will encourage you to research
the Froude family and their history at Langston Farm
which must be an interesting one -

Yours Sincerely,

George Groundham
